The manuer in which these elections are alluded to by the Sag-Nicht press in the South is impularly unfair. The Missing Aeronaut.—It makes one shudder to think of the probable fate of Mr. Winchester, who went up in a balloon from Norwalk, Huron county, on the 2d inst. Overtwo weeks have elapsed, and no tidings have age, treached his family at Milan of his fate. Whether frozen to death in upper air, and thus dashed to earth, or buried in the deep bosom of the Lake, no word has come to tell. While we wonder at his temerity, we must pity his probably sai fate. Yet there is hope still, as the last wonder at his temerity, we must pity his probably sai fate. Yet there is hope still, as the last seen of bin his airly vessel was wafted towards the North, sufficiently inflated, as we are fold by the Norwalk papers, for a voyage of from two to three days. May he he landed in Canada, so far from railroads and telegraphs as to prevent tidings yet reaching his home.

Arrival of Officer Brusa—Release of Manchester by order of Gov. Bigler.—Deputy U. S. Marshal Bruen returned from California yesterday morning, being compelled, by order of Gov. Bigler, to release Manchester. Mr. Bruen informs us that he had taken his prisoner to a ranche on the Sacramento, about a hundred miles from San Francisco, in order to avoid a habeas corpus, and while there a party of government officers arrived with an ocder from the Governor demanding bis release, which demand, of course, Bruen was obliged to comply with. Manchester subsequently had a hearing before the Governor, and was focually discharged. Mr. B. represents Manchester as laving an abundance of money and fiving quite at his ease.
